SITUATION SUMMARY

Saddle Fire, Trinity County

Location of incident: 4 miles Northwest of Hyampom, Shasta-Trinity Forest

Jurisdiction: Federal DPA, FRA

Per CAL FIRE, Cal OES Duty Officers, and ICS-209 as of 06/16/15 at 0550 hours:

- 1,530 acres, 65% contained
- NORCAL Team 2 in Command
- No further spread is anticipated today as isolated islands of concentrated fuels, dead and down snags and logging slash will continue to be consumed. Mop up and identification of suppression repair needs continues.
- Expected containment 6/19/15.

Evacuations/Shelters

- Per the Cal OES Fire Duty Officer, 140 single residences remain potentially threatened.
- Per the Cal OES Law Duty Officer, the USFS advised that all mandatory evacuations were lifted on 06/14/15.
- Red Cross reports that the shelter at Hayfork High School at 231 Oak Ave Hayfork, CA 96041 has been closed.

Utilities

- Per the California Utilities Emergency Association (CUEA) there is no threat presently to the grid or transmission service.

Health and Welfare

- Per the California Department of Social Services (CDSS):
 - There are currently no community care licensed facilities impacted by this fire.
 - CDSS will continue to monitor impacts to community care licensing facilities.

Deployments

- None.

There are no requests for assistance or unmet needs.

Cal OES Duty Officers are monitoring the situation and will provide updates as they become available.

SITUATION SUMMARY

Air Quality

- Recent dry lightning strikes have caused many small fires in the Six Rivers and Shasta-Trinity National Forest as well as State Responsibility Areas.
- Current weather forecasts show the recent low pressure moving out of the area and replaced by a warming trend with drier weather and moderate to light winds over the area.
- The Saddle Fire, located in the Shasta-Trinity National Forest near the town of Hyampom, continues to produce smoke in nearby communities. At this time, smoke is laying in valleys but may lift and transport to further locations throughout the day. Satellite images show smoke traveled north toward Willow Creek and to the southeast past the Hyampom area.
- In Del Norte County, the Buckskin Fire located near Cave Junction, Oregon is producing smoke impacts in downwind areas southwesterly of the fire. Satellite imagery indicates that Smith River could be in the path of the smoke. Crescent City may also be experiencing smoke from the fire.
- Forecasting smoke impacts can be challenging as smoke can vary widely within just a few miles as Humboldt, Del Norte and Trinity Counties contain mountains, valleys, and a thousand different air flow patterns.
- Further Air Quality information will be provided to the public as updated information becomes available.
- For 24-hour Air Quality Information:
 - NCUAQMD's hotline toll-free at 1-866-BURN-DAY (1-866-287-6329)
 - Website: www.ncuagmd.org

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- The Operation is transitioning from Response to Recovery.
- The Cal OES Santa Barbara Territory Representative will assist in the day to day operations from the Santa Barbara EOC.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- Excessive Heat Warning remains in effect Tuesday 06/16/15 1000 hours through Monday 06/22/15 2000 hours for areas in Riverside and Imperial Counties.
- Excessive Heat Watch remains in effect from Thursday morning 06/18/15 through Monday evening 06/22/15 for areas in Inyo and San Bernardino Counties

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Low clouds will persist along the immediate northwest California coast through much of the week. Farther inland, very warm temperatures will continue with mostly clear and dry conditions.

Medford Weather:

The upper pattern transitions to a weak upper trough pattern by Thursday night. Offshore flow remains in place with more dry and clear conditions remaining into the end of the week.

Reno Weather:

A warm and dry pattern will continue through the weekend. Breezy conditions will develop each day with the strongest winds expected on Thursday afternoon. Ridging aloft will keep high temperatures considerably above average through the weekend.

San Francisco Weather:

Dry weather conditions along with near seasonal temperatures will continue through the late week. Inland temperatures warm for the upcoming weekend as high pressure builds over southern California.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Above normal temperatures with dry conditions will continue this week.

Hanford Weather:

High pressure will continue to bring dry conditions and above normal temperatures through the week and into next weekend.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A gradual warming trend is expected through the week as high pressure builds in from the southwest. Low clouds and fog will continue to affect the coastal plain. Well above normal temperatures are likely for inland areas by the weekend as a large ridge of high pressure develops.

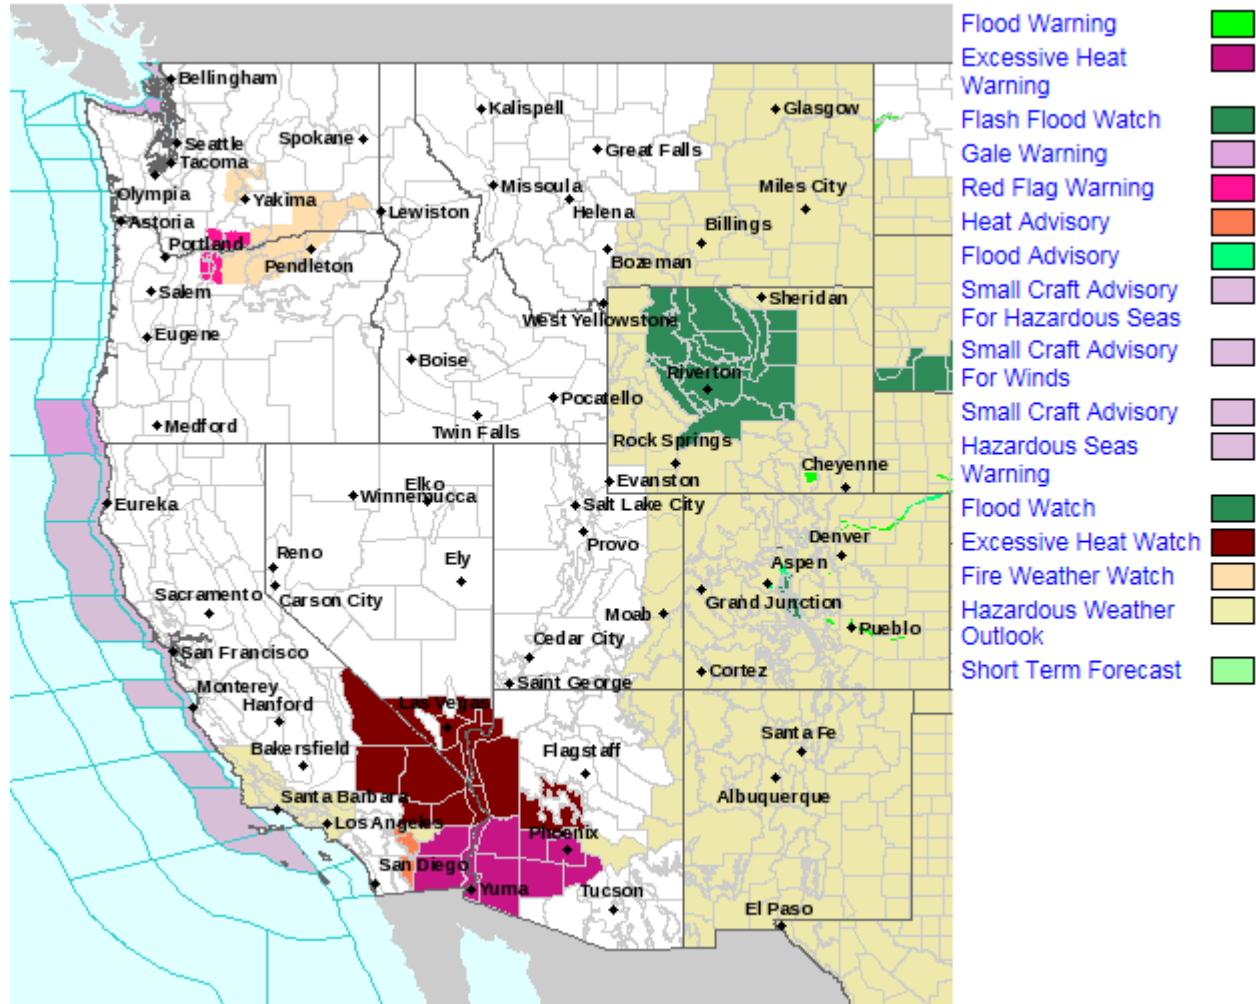

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure aloft will bring well above average high temperatures for inland areas into early next week. Weak onshore flow and the marine layer will keep coastal areas cooler with areas of night and morning low clouds and patchy fog with limited afternoon clearing near the beaches. The onshore flow will also bring gusty west winds to the mountains and deserts each late afternoon through late evening.

Southeast California Weather:

Hot and dry conditions will likely persist into early next week as a prolonged heat wave is taking shape. High temperatures across the lower deserts will reach into the 110-115 degree range each day through the upcoming weekend.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

Welcome to the California Specialized Training Institute (CSTI)

Our focus is on facilitating and or providing the best possible solutions in training, exercise, and education with an eye on building capabilities, utilizing an all-hazards, total resource approach.

The California Specialized Training Institute (CSTI) delivers specialized training throughout California as well as at its main campus in San Luis Obispo year-round. Currently, CSTI offers over 100 course titles in the disciplines of emergency management, criminal justice/officer safety, terrorism, hazardous materials, disaster mitigation, preparedness and recovery, and crisis communications.

Your comments and suggestions are welcome. Please feel free to contact us at: CSTISuperintendent@caloes.ca.gov or by calling (805) 549-3535.

Sincerely,

David Fukutomi
Assistant Director, Cal OES
Superintendent, California Specialized Training Institute
